SW SP5112 SWEPACT™ Industrial Air Impact Wrench

1/2" - 720 Nm

The SW SP5112 SWEPACT™ industrial impact wrench is a small and very powerful model (L: 108 mm; 1/2") with a torque range of 720 Nm within 5 seconds and a maximum torque of 1200 Nm. The short design and the light weight of 1.3 kg considerably reduces the workload for the user. All innovative SWEPACT™ industrial impact wrenches of the series incorporate a completely new type of impact technology. Thanks to the closed design of the patented SWEPACT™ impact wrenches, the service life of the impact wrenches is extended by 80% and their maintenance intervals by 125% compared to the previous models with the twin-hammer impact wrenches. The lubrication via a grease nipple is completely eliminated. In addition, the industrial impact wrenches vibration and noise reduced.

Technical data

Item number	785112
Weight	1,3 kg
Air consumption	0,118 m ³ /min
Air connection	1/4" BSPT
Sound	85 dB(A)
Dimensions LxWxH	L= 108 mm
Max. Operating pressure	6,3 bar
Free speed	9000 1/min
Max. torque	1200 Nm
Vibration	4,3 m/s ²
